

**ETHIOPIAN SPORTS AND CULTURE FEDERATION  
UNITED KINGDOM**

## **Dear All Participants,**

As event organisers, on behalf of the federation, we would like to take this opportunity to say a huge thank you to all participants especially Players, coaches, parents, who helped make the festival a success. We would also like to thank the volunteers and our associate organisation in Particular (EASYUK) for their enormous cooperation and support in the organisation of the festival.

We would also like to extend and give a special thanks to Young Liya Seifu for her an excellent piece of creative art work and fine Art competition for everyone from all ages. It was educational and had a positive influence especially on the young children. As a young and determined individual, we remain stubbornly positive that she will continue to improve her skills and bring a myriad of visual influences to her fine art practice so that once again our community particularly children will benefit from it in the future.

We would also like to express our sincere thanks and appreciation to the entire Circus team for their colourful display and fascinating piece art. It is fair to say that, it was entertaining and informative for the entire spectators including children and we hope to roll out even more of these types of events on a regular basis particularly for future generations.

Of course, we cannot thank enough the organisers and everyone involved in the process, In spite of difficulties, their enthusiasms to work have made a huge impact to our collective success. If it were not for them, the tasks would not be easier to cope with and it would have been much harder and difficult to deal with it. Finally, let us keep moving and keep our sprit high as the balance of power on our side and if we are continuing to do what we have to do, we will step forward towards our objectives.
